

# 2019 Direct Services Grant Program

The John T. Gorman Foundation's 2019 Direct Services Grant Program (DSGP) is open to non-profit organizations who provide quality supports and services that address the immediate **basic needs** of economically disadvantaged people in Maine.

For the purposes of the 2019 Direct Services Grant Program, eligible programs are those that address the basic needs of low-income Mainers (e.g.: food, shelter, clothing, physical and mental health, transportation, etc.). The Foundation will only consider requests that support the *direct provision of client services* versus support for *organizational infrastructure needs* (e.g.: database creation, strategic planning, staff training, organizational evaluation, etc.).

The Foundation will consider grant requests of up to \$25,000 from a broad spectrum of non-profit organizations that provide direct services under existing programs over a 12-month period.

**Applicant organizations may submit only one request for DSGP funding per year.**

The DSGP provides program/project funding and general operating support. Applicant organizations applying for general operating support must have a mission that includes helping low-income Maine residents and a successful track record of providing direct services to address clients' immediate basic needs.

## Eligibility Criteria

To apply, organizations will need to meet the following criteria:

- Be a non-profit with 501(c)(3) status or have a fiscal sponsor with 501(c)(3) status. Applicants cannot be a private foundation under I.R.C. § 509-(a);
- Have a mission that includes helping low-income, underprivileged residents of Maine;
- Be able to demonstrate, through data, that their proposed efforts are addressing an unmet need;
- Be able to demonstrate a track record of successfully meeting those needs; and
- For program/project funding requests, be able to identify the results sought for the populations in question, the plan for achieving those results, and how they will be evaluated.

The Foundation will support:

- Existing programs
- General operating support
- Requests that support the *direct provision of client services*
- One-time only grants spent over a twelve-month period

The Foundation will **NOT** support:

- New programs or new positions unless there is guaranteed funding beyond 12 months
- Capital campaigns
- Annual fund appeals
- Endowments
- Projects requiring a multi-year commitment

Eligibility Quiz

Are you applying for General Operating Support or Program/Project Support?

**PLEASE NOTE: It is important that you determine if you wish to apply for program/project support or for operating support before you begin your application - to change once you have begun to apply will require you to start from the beginning with an entirely new application.** Operating funding supports the work of the entire organization where program/project funding supports a specific program, project or initiative. Lauralee Raymond -- [lraymond@itgfoundation.org](mailto:lraymond@itgfoundation.org), phone: (207)200-2003 -- is happy to speak with you if you are not sure which type of request would be the best fit for your organization.

5. In order to complete the application in a timely manner, it is best to have the following information on hand before starting your application. If some information is not available, you will be able to save your data and come back at a later date to complete your request.

- Most recent audited (preferred) or un-audited financial statement. Please note: Un-audited financial statements must contain both a balance sheet and a profit and loss statement.
- Most recent IRS Form 990 (**only required** if your organization does not have a recent audited financial statement)
- Current Board List
- Current Operating Budget (for the fiscal year in which you are seeking funding)
- Program/Project Budget (program/project requests only, for the fiscal year in which you are seeking funding)
- Contact information for the Request Contact and Executive Director/President/CEO

- Letter from Superintendent or Government Official (school or municipal applicants)

6. Both the DSGP Application for Operating Support and the DSGP Application for Program/Project Support request information using the same tabbed pages, as indicated below:

Note: If you are applying with a fiscal sponsor, all organization information relates to the fiscal sponsor. Please share your program's address in the physical address fields if you do not share a location with your fiscal sponsor.

The **Contact Information** page asks for the phone number and email of your (or your fiscal sponsor's) CEO/President/Executive Director and for the person the foundation should contact regarding your request.

The **Your Request** page asks for the following information:

- Request Title
- Brief Description of your Request
- Amount Requested
- Geographic Area Served by your Request
- If Requested Funds will be Used as a Match or to Leverage Funding

The **Financial Information** page will request an overview of Organization Finances from the most recently completed fiscal year. This information should come from your most recent audit (or unaudited financials if your organization does not have an audit) or IRS Form 990. (Note: School and Municipal applicants do not need to complete this section.)

The **Documentation and Signature** page requires the following documents to be uploaded as attachments to your request:

#### **Helpful tips:**

- Please save your work often by clicking the “Save and Next” button at the bottom of each page. Web applications CAN and DO time out after periods of non-use. We also strongly encourage applicants to cut and paste their narrative responses from a word processing application (Word, Google Docs, etc.) to ensure work isn’t lost should there be an internet connectivity glitch.
- Limit your use of bullets and other formatting.
- Please ensure only numbers are entered into currency fields (no dollar signs or commas).
- Copy and paste as needed.
- Log into your [account](#) at any time to access saved and submitted requests.
- Add [mail@grantapplication.com](mailto:mail@grantapplication.com) to your safe senders list to ensure you receive all system communications.
